Rio Grill's 32nd Resolution Run - 2022

Welcome to the 32nd presentation of Rio Grill's Resolution Run - But the very first one held virtually!

Traditionally our race starts at Rio Grill in the Crossroads Shopping Village, Highway 1 at Rio Road in Carmel, California and features an absolutely gorgeous course that includes trails, roads and stunning water vistas along the way. This year we want you to make your own virtual race -- whatever way fits your groove!

Rio Grill's Resolution Run is a tradition and this year will benefit CASA of Monterey County.

Rio Grill's Resolution Run recommends choosing a 10K and a 5K course. Walkers, strollers, dogs on a leash, cats on a leash, anything on a leash are welcome at this year's virtual race. You pick the course of your choosing. Have fun! Dress up, run as a group or run a timed course. Your race ends at a spot of your choosing... At noon on January 1, 2022, we will have a virtual awards ceremony and fantastic random prize drawing which is open to all registered runners and walkers as well as prizes for the best time, best dressed and more!

Your virtual race registration fee includes a t-shirt, prizes for the top three-finishers in each age division and the opportunity to win lots of great prizes!

CASA of Monterey County

For 26 years, CASA of Monterey County has provided an essential and unique service as the only court-appointed child advocate program addressing an acute problem – the needs of neglected or abused children who have been placed in foster care. CASA of Monterey County has been on the frontlines for these children through their Court Appointed Special Advocate (CASA) program, and their mission is to recruit, train, and support community volunteers to represent the best interests and needs of these vulnerable children, while pursuing a safe and permanent home for them. CASA serves children between the ages of birth to 21 years, and is beginning to serve juvenile justice youth as participants in a 2-year pilot program.

As the “eyes and ears” of the court, CASAs are responsible for establishing a relationship with their assigned child to gather and report important information about the child's medical, educational, and developmental needs to the judge. While there are many professionals working with these children, CASAs are often the one consistent person who can ensure that the child's best interests and needs are represented in court.

The COVID-19 pandemic has impacted how CASAs interact with children, youth, and the court itself. CASAs were prohibited from in-person visits with their children for more than a year and Court is held via GoToMeeting. CASAs have continued to communicate with social workers, caregivers, and teachers, and also found new opportunities to advocate for the children's needs, in particular supporting remote learning. Challenges continue now that most students are back in class.

We are living through an extraordinary time of disruption and uncertainty that increases peril for children and youth in foster care. However, with a CASA by their side, we have seen time and time again that the child will experience improved health, well-being, self-efficacy, educational outcomes, and stability. CASAs give children what they need most: a dependable adult who will consistently advocate for their needs so that they can develop the necessary skills, traits, abilities, and hopes to achieve a happy and productive future.

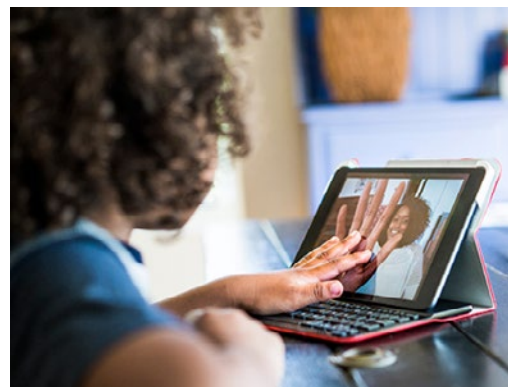

Winter training for volunteers starts February 7, 2022
and day and evening sessions are offered.
Contact recruitment@casaoofmonterey.org for more details.
